

SERVICE INFORMATION LETTER

ALT-8000 transmit and receive antenna coupler assembly Aeroflex part number 88590.

Aeroflex has identified the need to orient the transmit and receive antenna couplers (supplied with the ALT-8000 test system Aeroflex part number 84340) with the installed direction of the aircraft radio altimeter antennas . To assist the operator in properly orienting the couplers while testing a radio altimeter system on the aircraft, we have made the following decals available to the customers for the purpose of identifying the forward facing direction on the antenna couplers.

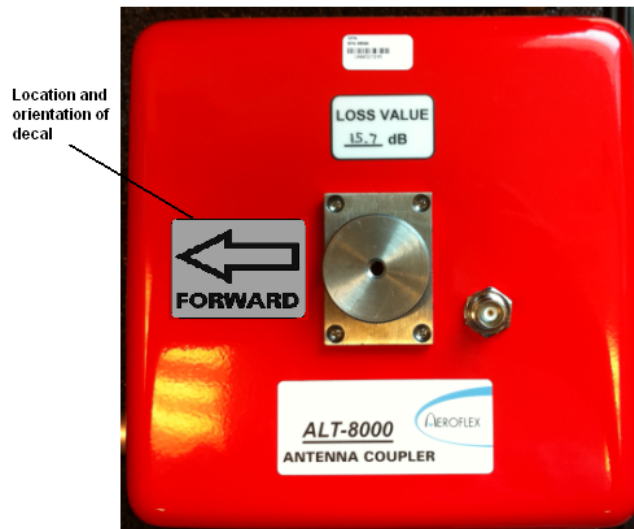

MATERIAL: One decal is required for each antenna coupler to be modified. Quantity below reflects one set (TX and RX) of couplers to be modified.

AEROFLEX PART NO.	QTY	DESCRIPTION
89993	2	LABEL,ALT-8000,FORWARD DECAL

MODIFICATION PROCEDURE:

- 1) Orient the antenna coupler per figure 1.
- 2) Apply the decal to the antenna coupler per figure 1.
