

3900 TETRA Patch Release Notes

The 3900 TETRA Patch is compatible with all 3901, 3902, and 3920 models of the 3900 Series product line. This patch should only be installed in units that include option 390XOPT110, TETRA MS (Mobile Station Testing). The TETRA Patch corrects a problem in the TETRA MS system that prevented mobiles from being able to perform a Registration.
